EMPLOYMENT OPPORTUNITY

Nurse Practitioner – Adult and Geriatric

Salary: $60,725.60 - $124,723.04 Annually
Job type: Full-time
Work location: North Minneapolis, Minnesota
Open until filled, apply at www.hennepin.jobs

Be part of a team to develop a center of excellence in elder care services in North Minneapolis.

NorthPoint Health and Wellness Center is seeking an Adult and Geriatric Nurse Practitioner to provide primary health care to adults and elderly patients. This will involve staffing our satellite clinic at the Minneapolis Public Housing Heritage Park Senior Center in North Minneapolis. This position will participate in team based care for well and acutely and chronically ill adults. Care includes promotion of health, evaluation, and management of problems, preventive health teaching, and appropriate referral.

NorthPoint Health and Wellness Center actively partners to create a healthier community and works to provide a highly desirable place for health care that values diversity/inclusion, compassion, stewardship, innovation, and integrity.

Best Qualified Candidates will have:

- Master's degree or higher in nursing from an accredited program and two or more years of full-time professional adult or geriatric nursing experience.
- A valid license as a Registered Nurse issued by the state of Minnesota.
- Adult or gerontological nurse practitioner certification by an agency authorized to certify professional nurses in advanced practice or an approved equivalent as provided under M.S. 148/284.
- Knowledge of:
  - Adult or gerontological nursing practice and medical history techniques.
  - Appropriate diagnostic tests, therapeutic devices, legend drugs, therapeutic treatments, and referral agencies.
  - Immunization and documentation standards and health management.
- Skill in the operation of appropriate medical equipment.
- Ability to:
  - Walk and stand for long periods of time.
  - Initiate Cardiopulmonary Resuscitation (CPR).
  - Work independently and interdependently with professionals from other disciplines.
  - Manage family-focused care and teach families how to maximize health and prevent disease.
  - Provide consultation to medical and nursing personnel.
  - Participate in community health planning.
  - Make judgments and decisions under conditions of uncertainty and stress.
  - Contribute and work cooperatively with other members of the medical team, interact with individuals of widely divergent lifestyles and cultures.

Hennepin County offers an impressive benefits package that includes health, dental, life and short/long-term disability insurance, 11 paid holidays per year in addition to paid time off, a defined benefit pension plan (PERA), retirement savings programs, trade time for fitness, and many more.
